ITS TIME TO BE ABUNDANT

To be abundant, We need to do more than speak it. We need to embody it in our minds, body, and soul. This also means physically taking action to call in what we want. Crystal grids are a great way to harness the power of your intention with action. The octagon in feng shui is known to fend off harmful spiritual activity.

The reason why I mention this is because money is comprised of energy and can be attacked. Another important symbolism behind the octagon can be formed by two overlapping squares that strongly connect to the earth. My favorite reference to this sacred geometry shape is the one to the Hindu goddess of wealth, "Lakshmi."

The secret to becoming more abundant is spending only what you have. We have to be aware of what we have for assets and capital but also what we have for debt. I recommend paying off the oldest debt first and working out a plan to pay the rest with consolidation programs. Always work with a financial advisor or tax accountant to help you further. Pick a center focus stone for the grid and use supportive, abundant rocks to enhance your intention and focus.

Some important questions:

Why am I asking the universe for assistance?

Do I understand my true potential?

Is what I am attracting a representation of my highest good?

Remember abundance isn't just about materialistic things. Forge a connection with the abundance within your mind, body and spirit

UTILIZE MINERALS AND STONES LIKE PYRITE, CITRINE, AND ANY RED STONES LIKE RED JASPER OR GARNET. THESE ARE GREAT AS GENERATORS FOR YOUR GRID.

GOALS TO ATTRACT

The most important thing to remember about working with your abundance grid is the specifics. Set your intention, put in action and allow.
